It's back to school time, and NFCC is collecting new backpacks and school supplies for children in need. The program provides a fully stocked back pack to over 1000 elementary, middle and high school students in your community. Our Back to School program helps ease the financial burden of school supplies for struggling families. A fully stocked backpack can cost as much as \$125 - that's money families will be able to put towards housing and other essentials thanks to your generosity.

Ways to Help:
